Where Cotton Candy & Couture Collide

Few things provide that sudden hit of nostalgia like cotton candy. This all-American treat captures memories of walking fairgrounds with wisps of pink or blue atop a paper cone. And now these clouds of fluff are receiving a grown-up makeover. Thanks to Liz White, the sweet treat doesn't have to just live in your childhood. She started Chic Cotton Candy catering service, a luxe cotton candy cart guaranteed to give guests instant nostalgia. Serving via the cutest 'grammable cart, Liz whips up artisanal cotton candy in the Boston area— with a new division launching in Las Vegas!

"I knew I wanted to create a whole new way of experiencing cotton candy in gourmet flavors with glam toppings. Chic Cotton Candy serves up freshly spun cotton candy straight from a little

luxe cart. The sweet sugar scent fills the room while little fluffy clouds of cotton candy come to life. Nothing beats seeing your cotton candy made right in front of your guests. It is something they will really remember well past the party."

"And forget about ordering "Blue" or "Pink" cotton candy, Liz uses quality ingredients and fun toppings to serve up flavors like champagne, honey rose, and mango which can be topped with add-ons like edible flowers or gold glitter sprinkles. And yes, they offer alcohol-infused flavors like piña colada and champagne! All of this fun can be served on individual cones, used as a cocktail topper or take-home treat for your guests.

Brides can completely customize their cotton candy experience. From the flavors, to the toppings-- to the cart itself. The options are truly endless. Chic Cotton Candy will help you create a unique atmosphere that takes your guests through an unforgettable experience. With a carefully curated menu of over 15 amazing flavors that are available year-round. They also offer a rotating menu of seasonal flavors with specialty toppings.
